Sickness *An American
Sickness How Healthcare*

An American Sickness is a timely and authoritative work which describes the dysfunctional United States Health Care (USHC) System. Rosenthal lays out how USHC has evolved into an intricate, layered system which benefits the numerous special interests that make up this bureaucracy, at the expense of the patient.

Healthcare Became Big Business . . .

An American Sickness is a frightening book as it lays out how dysfunctional the US medical system has become. Overall, CMS projected that total health care spending for 2016 reached nearly \$3.4 trillion, up 4.8 percent from 2015. According to CMS, U.S. health care spending is projected to reach nearly \$5.5 trillion by 2025.

and also to demand far-reaching reform. An American Sickness is the frontline defense against a healthcare system that no longer has our well-being at heart.

An American Sickness: How Healthcare Became Big Business ...

An American Sickness is a gripping, fast paced and revolting dive from 50,000 feet above into the morass of what passes for healthcare in the USA. Patients are barely tolerated in a system optimized to pass money from bank accounts to providers. The industry is mean, nasty and greedy, with worse
