Andy Clark Mindware An

Mindware is an introductory text with a difference. In eight short chapters it tells a story and invites the reader to join in some up-to-the-minute conceptual discussion of the key issues, problems, and opportunities in cognitive science. The story is about the search for a cognitive scientific understanding of mind.

Mindware: An Introduction to the Philosophy of Cognitive ...

Starting with the vision of mindware as software and debates between realists, instrumentalists, and eliminativists, Andy Clark takes students on a no-holds-barred journey through connectionism, dynamical systems, and real-world robotics before moving on to the frontiers of cognitive technologies, enactivism, predictive coding, and the extended mind. Throughout, he highlights challenging ...
