Aqua (Latin for " water ") is a greenish-blue color, a variation of the color cyan. The web color aqua is identical to the web color cyan, also sometimes called electric cyan, one of the three secondary colors of the RGB color model used on computer and television displays. In the HSV color wheel aqua is precisely halfway between blue and green.

One of our stronger blue shades, Aqua Blue's one to think about if you're looking for a cool, relaxing colour. Depending on the light in your room, it can look a little more greyish or greenish. It can also be used to highlight feature walls or panelling by pairing it with one of our light neutrals like Snow, Salt, Silver Birch or Lily.
