Assessing Employee Attitudes towards Organizational ...

If used realistically as part of an organizational development effort, attitude surveys have proven to be useful and effective tools. Still, long-term results from using employee surveys have been mixed, and the lasting effects of assessing and modifying attitudes can be disappointing. Many of the inherent frustrations stem from structural problems in determining what attitudes really are and how to measure them validly.

Assessing Employee Attitudes Towards Organizational

Probably the most common attitude surveys in organizations today focus on job satisfaction. Satisfaction is considered by many managers to be an important indicator of organizational effectiveness, and therefore it is regularly monitored to assess employee feelings toward the organization.

Work-Related Attitudes □ Organizational Behavior

Organizations are dynamic and changing entities. Variables associated with organizational change have been shown to serve as mediators of several individual difference variable/workrelated outcome relationships. This study examines three potential antecedents of 258 police officers' attitudes toward organizational change (ATOC), and whether ATOC mediates the relationships between these antecedents and affective organizational commitment (AOC).
