Master the many styles of Wing Chun Kung Fu with this expert martial arts guide. With the fame of Bruce Lee, the conditions in Hong Kong, and the hard work and effort of many of his classmates, the Wing Chun of the late master Yip Man became one of the most well-known and popular Chinese martial arts in the world. Although this gave Wing Chun international recognition, it also led to a lot of misconceptions. Due to a lack of authentic information, many mistakenly came to assume that the renowned Yip Man was the sole inheritor of the style and that his Wing Chun was the lone version of the art. In fact, there are several different and distinct systems of Wing Chun. Unfortunately, over the years most of these systems have remained unseen or unreported to all but a few-until now. Profusely illustrated with over 300 historical photographs, Complete Wing Chun: The Definitive Guide to Wing Chun's History and Traditions presents seldom seen information on a dozen branches of the Wing Chun art. It offers the reader side-by-side comparison of these arts by outlining each system in terms of Wing Chun history, principles, basics, and training methods: Yip Man Wing Chun Yuen Kay-San Wing Chun Kuen Gu Lao Wing Chun Kuen Nanyang Wing Chun Kuen Pan Nam Wing Chun Kuen Pao Fa Lien Wing Chun Kuen Hung Suen Wing Chun Kuen and more!

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

Discusses the history and philosophy of Wing Chun, a Chinese form of kung fu, and offers principles, techniques, and practical applications for self-defense

Analyzing the systems concepts, theory, physical exercises and fighting application, the reader is taken from the basic ideas of the system into its advanced stages of training in order to maximize the physical and mental benefits gained from its practice. The Sui Lum Tao and Chum Kui form actions and applications are discussed in detail and explained in a way the reader can understand slowly and fully, with the exercises commonly practiced within the system broken down to their individual component parts. The technical information is based on Wing Chun practices that transcend lineage, but adhere to the universal principles of the system, exposing information and training methods that could be currently lacking from your daily practice. From a novice to the martial arts to an advanced practitioner, fighter to philosopher, this book will help you achieve much more from your dedicated practice.

Yip Chun is a Grandmaster of Wing Chun, and the eldest son of Yip Man - Bruce Lee's mentor. With the help of Danny Connor, Yip Chun explains the moves, the importance of the relationship between teacher and student, and the Confucian theory. Studentswill learn Chi Sau, Siu Lim Tao, Chum Kiu, and Biu Tze from the many illustrations that show the forms. 150 photographs.

In this second volume, a martial arts expert continues his study of Wing Chun, a popular system of kung fu, demonstrating how it can be used to improve your mental and physical health Wing Chun, also called Ving Tsun, is a popular system of kung fu designed centuries ago by a Buddhist nun and Shaolin master. Together, the two volumes of The Wing Chun Compendium offer a complete guide to the discipline, from theory and philosophy to drills and forms. In this second volume, author Wayne BeLonoha takes students to the next level, focusing on the final three and most advanced forms of the Wing Chun system and their associated skills: the "Mook Yan Jong" or wooden man; the "Lok Dim Boon Quan" or six-and-a-half point long pole; and the "Baat Cham Dao" or eight-cut sword form, demonstrated here for the first time by Grandmaster Sunny Tang. Also included are distance and angle improvement drills, fighting strategy and training, instruction on proper body mechanics, and "Sticking Hands" techniques. While intended for the serious practitioner, The Wing Chun Compendium, Volume Two also teaches the basics of body movement, psychological components of practice and performance, and how to use martial arts for overall self-improvement-factors that can help any martial artists seeking to enhance their physical and mental development. The book includes hundreds of tips and techniques as well as 400 photographs.
