However, kids today have a much larger selection of children's books to choose from with brown characters of all shades for them to identify with -- and most of them have been written ...

This light-hearted board book by the author of "I Can, Can You?" and "My Up & Down & All Around Book" features wonderful photographs of young children with Down syndrome enjoying a wide selection of healthful foods, from fruits and vegetables to meats and snacks. Simple, singsong questions -- I like broccoli, do you? -- invite participation by little ones (aged birth to 4 years) as they anticipate and say the word for the food in each photograph. And when youngsters see children just like themselves eating nutritious foods with different textures, temperatures, colours, tastes, and smells, they will want to try them too! The book encourages a varied diet that can minimise potential sensory or oral-motor issues often associated with Down syndrome. Read it from cover to cover with your child, or tailor it to meet your child's specific dietary needs (GF/CF, non-allergenic).

Pursued by the determined Strawberry Snatcher, who silently, steadily, stealthily stalks her on her way home, the Grey Lady manages to elude her pursuer in marvelously improbable ways

Twelve-year-old June Farrell is sure of one thing—she's great at making pies—and she plans to prove it by winning a blue ribbon in the Champlain Valley Fair pie competition. But a backlash against Vermont's civil union law threatens her family's security and their business. Even when faced with bullying, June won't give up on winning the blue ribbon; more importantly, she won't give up on her family.

In Big Berry, the subject is one that every child can relate to, the gimmes—and why the hero Bink should be happy with what she has. HAPPYLAND introduces three friends—Bink, Clyde, and Glub-Glub—in a series of delightful adventures that illustrate issues including sharing, gratitude, and worry. There's nothing more important for little kids entering preschool than to be emotionally ready—ready to separate from their parents, to mix and play with new children, to broaden their sense of the world. HAPPYLAND, from award-winning children's author Dan Yaccarino, is the board book series that gives kids, and their parents, the language they need to take these emotional steps.

Lalo the lamb wants to have a bright sweater like the one the shepherd boy wears but Lalo has a very hard time washing, spinning, and dyeing his own wool. Reprint.

In 1942 Queen Wilhelmina of the Netherlands, living in exile after the Nazi invasion of her country, spent the summer in Lee, Massachusetts, with her daughter and granddaughters. The following is based on a true story.... It's summertime in New England during World War II, and a boy named William likes to imagine at bedtime that he is a brave knight fighting great battles to end the war. But in the morning he is always just William again, not big enough to contribute to the war effort like the rest of his family. Then a real queen moves in just down the road: Queen Wilhelmina of the Netherlands. William's parents explain that the queen has been forced out of her country because of the war. Now William has his chance to do something. It may not be "war work" -- it's more like peace work -- but that makes all the difference. Susan Jeffers's dramatic illustrations portray the compelling contrast between William's imagination and the real events in the story, which are based on an actual incident in John Paterson's childhood. Visually stunning, with an evocative, poignant telling, this is the picture-book art form at its finest.
