States of Matter (chapter 13)

Flashcards | Quizlet

You are already familiar with the three common states of matter: solid, liquid, and gas. Solid objects litter the room around you. For example, you can easily recognize the shape of your desk; you know that your backpack cannot hold seven textbooks. You encounter liquids throughout the day as yo u

MATTER 13

There are three states of matter that we will learn about in this chapter. (If you want to learn about more states of matter, I can refer you to somebody.) Those three states are solid, liquid, and gas. These three states are quite different. The main difference is in their particles.

The attacks the USPS continues to face are not just attacks on the postal service but attacks on Black lives. To defund the USPS would be to deny future generations this opportunity and dishonor the legacy of Black postal workers. Now, we 're taking this matter into our own hands by writing and sending #BlackLoveLetters through USPS...
