Your students are individuals. Do your teaching materials treat them that way? Feldman's Understanding Psychology does. Using a revolutionary revision process, Bob Feldman's Understanding Psychology is a fully integrated learning system that gives students an even greater opportunity to achieve success, and brings the Students First goal to a new level. With an adaptive learning system that provides an individualized learning environment and helps students identify what they know, and more importantly, what they don't, every student has a unique experience refined to their needs. The thoroughly revised Eleventh Edition is a first of its kind, revised using "HeatMap" technology in which systematic and precise feedback from thousands of students was anonymously measured using LearnSmart, the adaptive learning diagnostic. Because virtually every paragraph in the previous edition is tied to several questions students answer in LearnSmart, Bob was able to see where students struggled most...the "hot spots"...and in turn refine and update these areas to be more clear, more concise, and more impactful. The 11th edition continues Bob Feldman's accessible pedagogy and hallmark research, as well as his modules-within-chapters format that is both manageable for students and allows every professor the flexibility to assign and cover what they want. The 4 additional modules in CREATE give instructors even extra flexibility to completely cater their text to their course and their students.

Criminal Justice Report Writing offers both recruits and experienced officers a wealth of information about report writing. This comprehensive book includes a pre-test and post-test to help you assess your strengths and determine which skills need your attention. Chapter topics include organizing and writing professional reports, sentence skills, bullet style, avoiding usage errors, and the specialized vocabulary needed for report writing. Sample reports are included. Exercises are provided throughout the book, and an Answer Key allows you to check your progress at each step. Free supplements, including PowerPoints and practice quizzes, are available at www.YourPoliceWrite.com. Instructors can download a free instructors' manual by sending an email from an official account to jreynoldswrite@aol.com. Praise for CRIMINAL JUSTICE REPORT WRITING: I wish I'd had this in my hands prior to my first report....With your book I would have had a valuable resource. William Fienga, Correctional Probation Senior Officer, Florida Department of Corrections I would have loved to have had a book like yours when I was active. Karl B. King, Lieutenant, Florida Highway Patrol, retired

This long-awaited new textbook will be of enormous value to students and teachers in cross-cultural and social psychology. The key strength of Understanding Social Psychology Across Cultures: Living and Working in a Changing World is how it illustrates the ways in which culture shapes psychological process across a wide range of social contexts. It also effectively examines the strengths and limitations of the key theories, methods and instruments used in cross-cultural research.

ESSENTIALS OF PSYCHOLOGY: CONCEPTS AND APPLICATIONS, 5th Edition retains the hallmark features and pedagogical aids that have made this text unique in presenting the foundations of psychology in a manageable, reader-friendly format. Students gain a broad view of psychology and see applications of the knowledge gained from contemporary research to the problems and challenges we face in today's world. Nevid's comprehensive learning system, derived from research on memory, learning, and textbook pedagogy, is featured throughout. This model incorporates the Four E's of Effective Learning -- Engaging Student Interest, Encoding Information, Elaborating Meaning, and Evaluating Progress. Thoroughly updated with recent research developments, this edition also features an expanded focus on psychology in the digital world -- a topic students are sure to find fascinating and relevant. students. This title has been written so that students of all levels will benefit from a solid introduction to the principles of behavior. The authors have laid the groundwork for behavior analysis through an exploration of experimental, applied, and theoretical concepts. Case studies and everyday examples help readers apply principles of behavior to real life. About the Book: This book also is integrated with the Behavior Analyst Certification Board task list and serves as an excellent introduction to many of the BACB tasks.

ESSENTIALS OF UNDERSTANDING ABNORMAL BEHAVIOR, 3rd Edition offers the same multidimensional focus, multicultural emphasis, topical coverage, and engaging style as its comprehensive counterpart -- UNDERSTANDING ABNORMAL BEHAVIOR -- in a condensed, student-friendly format. Updated to reflect DSM-5 and the newest scientific, psychological, multicultural, and psychiatric research, the text introduces and integrates the Multipath Model of Mental Disorders to explain how biological, psychological, social, and sociocultural factors interact to cause mental disorders. A focus on resilience highlights prevention and recovery from the symptoms of various disorders, and the book also continues its emphasis on the multicultural, sociocultural, and diversity aspects of abnormal psychology. The authors present material in a lively and engaging manner, connecting topics to real-world case studies, current events, and issues of particular importance and relevance to college students.
