~~Financial Institutions Management: A Risk Management ...~~
Saunders and Cornett ' s Financial Institutions Management:
A Risk Management Approach 7/e provides an innovative
approach that focuses on managing return and risk in
modern financial institutions. The central theme is that the
risks faced by financial institutions managers and the
methods and markets through which these risks are
managed are becoming increasingly similar whether an
institution is chartered as a commercial bank, a savings bank,
an investment bank, or an insurance company.
