Pension Magic shows you how to build a big retirement pot by claiming thousands of pounds of extra tax relief on your pension contributions.

Private pensions provision in the UK is in crisis. Through a political economy perspective, this book explores how financial security in retirement has been endangered through the response of policy-makers to wider social and economic change, making a unique contribution to our understanding of financialization, neoliberalism, and the welfare state

A detailed guide to the Irish tax system: Covering income tax, PRSI, USC, corporation tax, capital gains tax, VAT, capital acquisitions

tax, stamp duties, tax planning, marital breakdown, farming taxation, the Revenue calls. Packed with tables, charts, practical examples and real-life case studies. Showing you how to save tax.

Many people find financial planning and financial choices overwhelming. In planning for retirement, people find it difficult to look after their finances as they lose sight of what their financial objectives are. But this planning does not have to be complicated or grueling. In *How to Enrich Your Retirement*, author and financial planner John T. Cross provides practical information on how to

enjoy a happy and prosperous retirement and reduce the amount of inheritance tax you pay. To

enrich your retirement, Cross encourages you to unbundle your thinking, change your mind-set, and take the following steps:

Determine your basic retirement financial strategy Discuss plans and priorities with your partner (if you have one) Stop accumulating; start spending Think of your capital as a reservoir of money that will provide you with the necessary income Gear your investments to produce more income Realize you will probably live longer than you think Enjoy your money! Although geared toward United Kingdom residents, all of the investment principles are universal. With the right planning,

specially commissioned reviews of key areas of social policy and considers a range of current issues within the field. The book contains invaluable research, including discussions on modern slavery, childcare and social justice and welfare chauvinism, as well as a chapter centred on the Grenfell Tower fire. Bringing together the insights of a diverse group of experts in social policy, this book examines critical debates in the field in order to offer an informed review of the best in social policy scholarship over the past year. Published in association with the SPA, the volume will be of interest to students and academics in social policy, social welfare and related disciplines.

Central banks do not print growth. The financial crisis was much more than the result of an excess of risk. The same policies that created each subsequent bust are the ones that have been implemented in recent years. This book is about realistic solutions for the threat of zero-interest rates and excessive liquidity. The United States needs to take the first step, defending sound money and a balanced budget, recovering the middle-class by focusing on increasing disposable income. The rest will follow. Our future should not be low growth and high debt. Cheap money becomes very expensive in the long run. There is an escape from the Central Bank Trap.
