This book explains how we learn, how our pre-conscious experience-trapping neural networks, 'generalise' and 'abstract' from a stream of personal and cultural experiences, to construct our causal maps and models of reality, our value systems and our emotional associations. It explores the strengths and weaknesses of human thinking and shows how we can take conscious control of our personal development, updating old and dysfunctional models of reality to take account of new experiences and changed circumstances. It opens up the possibility of rewriting the HOWs and WHYS that drive our behaviour and motivation, and presents a powerful new Graphical Thinking Tool that everyone can use, individually or in groups, to explore and understand the deep structure of any problem, any system, and any body of knowledge. Understanding may be unfashionable, but it is still 'the ultimate study skill', and the key to success in any field of endeavour.

A young man returns home to find the quaint little town he has settled in hides a terrible secret, and something hungry and evil in the dark is hunting people. “An action packed fantasy sure to please fans of Morgan Rice’s previous novels, along with fans of works such as *The Inheritance Cycle* by Christopher Paolini... Fans of Young Adult Fiction will devour this latest work by Rice and beg for more.” --*The Wanderer*, A Literary Journal (regarding *Rise of the Dragons*) The #1 Bestselling series! *RISE OF THE VALIANT* is book #2 in Morgan Rice’s bestselling epic fantasy series *KINGS AND SORCERERS* (which begins with *RISE OF THE DRAGONS*, a free download)! In the wake of the dragon’s attack, Kyra is sent on an urgent quest: to cross Escalon and seek out her uncle in the mysterious Tower of Ur. The time has come for her to learn about who she is, who her mother is, and to train and develop her special powers. It will be a quest fraught with peril for a girl alone, Escalon filled with dangers from savage beasts and men alike—one that will require all of her strength to survive. Her father, Duncan, must lead his men south, to the great water city of Esephus, to attempt to free his fellow countrymen from the iron grip of Pandesia. If he succeeds, he will have to journey to the treacherous Lake of Ire and then onto the icy peaks of Kos, where there live the toughest warriors of Escalon, men he will need to recruit if he has any chance of taking the capital. Alec escapes with Marco from *The Flames* to find himself on the run through the Wood of Thorns, chased by exotic beasts. It is a harrowing journey through the night as he quests for his hometown, hoping to be reunited with his family. When he arrives, he is shocked by what he discovers. Merk, despite his better judgment, turns back to help the girl, and finds himself, for the first time in his life, entangled in a stranger’s affairs. He will not forego his pilgrimage to the Tower of Ur, though, and he finds himself anguished as he realizes the tower is not what he expects. Vesuvius spurs his giant as he leads the Trolls on their mission underground, attempting to bypass *The Flames*, while the dragon, Theos, has his own special mission on Escalon. With its strong atmosphere and complex characters, *RISE OF THE VALIANT* is a sweeping saga of knights and warriors, of kings and lords, of honor and valor, of magic, destiny, monsters and

dragons. It is a story of love and broken hearts, of deception, ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #3 in the series--THE WEIGHT OF HONOR--is now also available! "If you thought that there was no reason left for living after the end of the Sorcerer's Ring series, you were wrong. Morgan Rice has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page...Recommended for the permanent library of all readers that love a well-written fantasy." --Books and Movie Reviews, Roberto Mattos (regarding Rise of the Dragons) "[The novel] succeeds--right from the start...
