The thunder is the usual accompaniment of a special revelation of the Divine will, and indicative of the majesty of him whose will is declared (see Revelation 10:3 and Revelation 14:2; also Exodus 19:16; Acts 2:2). "Craig Koester provides commentary on each section of the book of Revelation, drawing on the best recent scholarship and contemporizing his discussion with references to events like the siege at Waco, the phenomenal sales of the Left Behind series, and the use of Revelation in hymnody and art. Based on two decades of teaching Revelation to seminary students, pastors, and lay groups, this discussion strikes a balance between taking the text's first-century context seriously and making Revelation relevant to twenty-first-century readers."--BOOK JACKET.

This volume deals with the varied forms of shame reflected in biblical, theological, psychological and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial and social prejudice, to bullying, crime, genocide, narcissism, post-traumatic stress and other forms of toxic behavior. Eleven leaders in this research participated in a conference on The Shame Factor, sponsored by St. Mark's United Methodist Church in Lincoln, NE in October 2010. Their essays explore the impact and the transformation of shame in a variety of arenas, comprising in this volume a unique and innovative resource for contemporary religion, therapy, ethics, and social analysis.

N. T. Wright has undertaken a tremendous task: to provide guides to all the books of the New Testament, and to include in them his own translation of the entire text. Each short passage is followed by a highly readable discussion, with background information, useful explanations and suggestions, and thoughts as to how the text can be relevant to our lives today. A glossary is included at the back of the book. The series is suitable for group study, personal study, or daily devotions.

Under the guidance of one of the world's leading New Testament scholars, you and your small group will here discover that the bizarre images of Revelation conceal one of Scripture's clearest and most dramatic visions of God's plan for creation.

Revelation is probably the most read, but least understood book of the Bible. History is replete with examples of how not to interpret it, and books featuring end-of-world prophecy claims based on Revelation consistently top the bestseller lists. But how can the message of such an enigmatic book be applied to our lives today? In *Discipleship on the Edge*, Darrell W. Johnson drives home the challenging and practical message of Revelation in thirty carefully crafted sermons. Paying careful attention to the original context of Revelation and the circumstances surrounding its composition, Johnson shows that the book is not a "crystal ball" but rather a "discipleship manual." Thoroughly researched and yet accessible, this collection of sermons is a helpful resource for pastors and small group leaders who are looking for models to help them preach and teach the message of Revelation in a time when there is much confusion about the end times. Darrell W. Johnson serves as Scholar-in-Residence at The Way Church and Canadian Church Leaders Network in

The Book of Revelation is a work of profound theology. But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations. Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition. Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom, contextualised in the late first-century world dominated by Roman power and ideology. It calls on Christians to confront the political idolatries of the time and to participate in God's purpose of gathering all the nations into his kingdom. Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church. This study concludes by highlighting Revelation's continuing relevance for today.
