In many countries trade unionism is synonymous with the term labour movement. Smaller associations of workers started appearing in Britain in the 18th century, but they remained sporadic and short-lived through most of the 19th century, in part because of the hostility they encountered from employers and government groups that ...~~

~~Trade union — Wikipedia~~

Although trade union membership continued to grow during the next two decades, up to around 1850 they tended to be overshadowed by political movements such as Chartism. But in the improved economic conditions of the 1850s and 1860s the foundations of a powerful trade union movement were established and membership rose from approximately 100,000 in the early 1850s to around a million by 1874.

An important development of the trade union movement in Wales was the Merthyr Rising in May 1831 where coal and steel workers employed by the powerful Crawshay family took to the streets of Merthyr Tydfil, calling for reform, protesting against the lowering of their wages and general unemployment. Gradually the protest spread to nearby industrial towns and villages and by the end of May the whole area was in rebellion, and for the first time in the world the red flag of revolution was flown ...

The origins of the trade union movement can be traced to the time of the industrial revolution, which transformed Britain in the 18th and 19th century from an agrarian and rural society to one which was based on industrial production in factories, textile mills and mines. The conditions in these new industries were often harsh, with men, women and even children forced to work long hours for very low wages.
