There's a lot a girl's gotta do to get to school and through school. And there's a lot that can be done to help, too. Creating programs that support girls in all fields of study and finding ways to get girls and women to complete school are steps toward ending gender inequality and extreme poverty.

A guide for women on how to protect oneself from violence offers information on keeping safe in a wide variety of situations and includes advice on self-defense products, Internet safety, and workplace violence.

Lottie is starting a supersonic feminist experiment. For one month she's going to call out every instance of sexism she sees. But when her project hits the headlines, the trolls come out to play ☐ and they are VICIOUS. Lottie's not a quitter, but best friends Evie and Amber are worried. What if Lottie's heading for burnout...or worse?

All Amber wants is a little bit of love. Her mum has never been the caring type, even before she moved to California, got remarried and had a personality transplant. But Amber's hoping that spending the summer with her can change all that. And then there's Kyle, the most American person Amber's ever met. She can't help liking him. But can he really be interested in her? Even with best friends Evie and Lottie's advice, Amber's finding love is hard. Is it worth the fight? ☐I'm a big Holly Bourne fan and this is my favourite yet. She writes with such humour and great honesty, with wonderfully relatable characters. It's also refreshing to see feminism highlighted in such a positive and relevant way for teenagers.☐ - Fiona Noble, The Bookseller ☐Bourne talks about feminism so openly and truthfully in her books and if you ever doubted the intelligence, ability or passion of teenage girls read her books and you never will again.☐ - Muchbooks reader review on Guardian Children's Books ☐Written with humour and warmth, Amber's story perfectly captures the emotional rollercoaster that is love: embracing all its joy and pain, whether it be for family, friends or a gorgeous boy. A really satisfying page turner.☐ - BookTrust ☐Emotive and thought provoking this searingly honest book deals with the biggest life lesson of all - nobody's perfect.☐ - South Wales Daily Post ☐Holly Bourne truly is the Queen of YA ☐ - Humaira Kausar, age 17, for LoveReading4Kids ☐Holly Bourne is hugely popular with the young adult audience. The second instalment in her Normal series tells Amber's story of first love, friendship and addiction.☐ - The Sunday Express ☐Holly Bourne's new novel demonstrates that with the right female friends, and a decent supply of cheesy snacks, a girl can get through anything... Well-written and thoughtful, this has a thoroughly authentic twenty-first century teen voice and lightens serious issues with humour.☐ - LoveReading4Kids ☐When I received this book I let out a squeal... I really love this series.☐ - Lucy the Reader "Hysterical" - Mléxia "The story is equal parts hilarious and heart-wrenching... I cannot get over how many times I snorted out loud whilst reading this book. You'll have to read it to see for yourself" - Fable & Table ☐Holly Bourne's writing style keeps me hooked, makes me feel things and genuinely makes me think hard about important issues. I cannot recommend her novels highly enough and I am on a mission to read them all!☐ - Adventures of a Teenage Bookworm

Left jilted and stranded at the altar, Patricia is puzzled to discover that her fiance left behind a safety deposit box full of money and jewels and becomes even more concerned when she hears reports that he has been seen in her car bleeding from a gunshot wound

What's a girl gotta do to get what she wants out of life? According to Ra'Keeyah Jackson, she'll do whatever it takes. Ra'Keeyah has million-dollar dreams. She's determined to come up, and she won't stop until she does. Nothing is going to stop her from getting the hottest clothes, the finest men, and money to burn. Easily influenced by her conniving girls Shayna and Quiana, Ra'Keeyah resorts to shoplifting, stealing married men's credit cards, and passing bad checks to get what she wants. Ra'Keeyah is struggling to stay on top, and she has sunk to an all-time low when she meets Brick. He's a savvy, street-smart hustler who will surely take her young heart for a ride and make her want to change. Will she be able to resist, though, when Shayna comes to her with an idea that is sure to keep their pockets on swole? This idea could cost the girls a little more than they bargained for, along with teaching them that not everyone is to be tricked!

M.J., her partner Gilley, and their client, the wealthy, de-lish Dr. Steven Sable, are at his family's lodge, where his grandfather allegedly jumped to his death from the roof-although Sable says it was foul play. But the patriarch's isn't the only ghost around. The place is lousy with souls, all with something to get off their ghoulish chests. Now M.J. will have to to quell the clamor-and listen for a voice with the answers...

Evie, Amber and Lottie: three girls facing down tough issues with the combined powers of friendship, feminism and cheesy snacks. Both hilarious and heart-rending, this is Evie's no-holds-barred story of struggling to live a (normal) teen life in the grip of OCD, from the acclaimed author of The Manifesto on How to be Interesting. Read the first chapter of Holly Bourne's next book, How Hard Can Love Be? ☐EXCLUSIVE to the ebook. "An involving look at feminism, friendship and the secrets we hide even from those who know us best." - The Observer "An epic and unique release this summer that I plead you all to pick up! This novel has a distinct British feel with moments mixed with laughter, tainted with tears and bound with love. Holly Bourne has created a beautiful tale." - Paper Trail YA "This is not a novel about a condition: Evie's condition is that of being a contemporary young woman, and through her guerrilla feminist group with new soulmates Lottie and Amber (who will each get a novel to themselves shortly) she learns new pathways through life that all her peers can follow.☐ - The Observer ☐This is quite easily Bourne's best novel yet. Might have been a tricky subject matter, but it was funny and heartbreaking and thought-provoking.☐ - An Awful Lot of Reading ☐I love the Spinsters Club, and I so want my own! What I love is how Bourne breaks down these ideas so they are so accessible! ... There are a few feminist YA stories out at the moment, but this is the first I've read that actually talks about feminism and discusses how to be a feminist, and I think it really could be a game changer! And I am so happy! I am so, so happy and excited!☐ - Once Upon a Bookcase ☐This book was kind of astounding to me... I got through Am I Normal Yet? in one sitting" - A Novel Youth "It's not a book that I can find fault with because it was just written so perfectly and so carefully and sensitively. I just enjoyed it so much.☐ - Lucy the Reader Holly Bourne is becoming something of a writing sensation in the world of Young Adult fiction... Using humour, high emotion, compassion, sensitivity and some hard-hitting drama, Bourne creates a beautiful, resonant story that tackles serious issues with the lightest and sometimes darkest of touches, giving real and moving insights into what it means to be young, confused and isolated. - Lancashire Evening Post "My favourite YA book of 2015" - Words from a Reader

Evie, Amber and Lottie are having a New Year party to remember. For the first time since leaving college, all three girls are back together. It's time for fun and flirting, snogs and shots. Because everything's going great for these girls ☐ Spinster Club for ever! Right?
